

Guidelines for the Interactive Notebook

Introduction: Notebooks in this class will have a "left side, right side" orientation to help you record, organize, and process new information. Much of your class work and homework will be done in your notebook. Notebooks will be organized in this way:

Left Side Students Process New Ideas	Right Side Teacher Presents New Ideas
<ul style="list-style-type: none"> • Class work • Homework applies, analyzes, synthesizes, or evaluates the new ideas. 	<ul style="list-style-type: none"> • Lecture Notes (Cornell style) • Reading Notes (Cornell style) • Handouts

Grading

Notebooks will be collected and fully graded each quarter. In addition, portions of the notebook will be randomly checked and awarded points. You will not know ahead of time when these will occur.
